## Thank You!

Thank you to all who were able to contribute to support the ministry and maintenance at Saint Cecilia's last weekend. It totaled \$1346 (Less than half of last Sunday's. Our annual budget is \$235,000. At \$1300 a week, we only need 174 Sundays a year to make our budget!) ## *"It's a Man's Job!" (Please)*

Seriously, sometimes we really should not let women do what they do around here. (It counts toward your five hours for the parish! Please offer. Don't wait for a phone call. Just do it.)

- Every Sunday after Mass, the handicap signs need to be returned to the mat near the entrance to the narthex. Heavy! (*You will see where they go because of the rusty circle marks!*)
- The extension ladder needs to be brought from the garage to the choir loft. Then....
- Someone needs to climb into the church attic to make sure the tarp is not over the exhaust fan...and if it is, remove it! (*Walk on the beams.*)
- The extension ladder then needs to be returned to the garage.
- Storm windows from the convent porch need to be brought to the basement ( *Other years the old lady did it, but they really are too heavy now for her poor old arthritic hands.*)
- The scaffolding and planks from the convent porch needs to be carried to the outside. (*Where? Northwest corner of the house. The note is on them describing where. Just lean them against the house. Thanks a zillion.*)
