SERVE

Wow!!!

.....When we renovated the Hall, it resulted in our losing the ability to "divide it in half" for two classrooms. Plus, the echo in the room causes a problem. Soooooooooo

.....SLH and PW contacted **Donna and Dick Emerson** to help with ideas for a possible solution. It was agreed that for starters, if we hung a curtain across the room, we could divide the room AND muffle the sound a bit.

..... After contacting a professional theatre curtain company, we learned that it would be best to hang a double curtain with an air cushion between. After taking measurements and deciding on the fabric, the bill for the fabric alone would be about \$2,000. (Gulp)

.....So, SLH called our faithful friend at Adirondack Scenic, **Christopher Detmer**, for suggestions. Not only did Chris offer suggestions, but he GAVE St. Cs the curtains, fully equipped with grommets and facing and ties and weights.... PLUS... Chris ordered and donated the double tracks... PLUS **Dean Schermerhorn** donated his time to install the track and hang the curtains ... PLUS Chris D. paid for an assistant for Dean!

.....AND before any of this could be accomplished, **Ed Gaiotti** voluntarily moved the smoke detector and fire alarm lights. ..AND **Donna Emerson** is graciously cutting and hemming the curtains!!!!

.....**Dave Spatz** assembled a new office chair and **Anthony Torres** helped with curtains.

Please say a big fat prayer for our BENEFACTORS!!!

And personally thank them when you see them.

It is a matter of Justice FAIR TRADE

www.crsfairtrade.org

Fair Trade is about fair prices. It's about eliminating exploitative middlemen and sharing more of a product's value with the people who made it. Fair Trade is about being good stewards of the planet God gave us. And it can be a lot more.

In Catholic Relief Services' Fair Trade program, we embrace the idea of Fair Trade as a *partnership* between producers and consumers. Fair Trade "contributes to sustainable development by offering better trading conditions to, and securing the rights of, marginalized producers and workers..." U.S. Catholics and others of good will have a special role to play in making trade fair and sustainable. The website noted above is designed to help us pray, learn, act, give (and receive!) in solidarity with artisans and farmers around the world.

What Economic Justice Looks Like

"The economy should work for people, and not the other way around."

-Economic Justice for All, U.S. Conference of Catholic Bishops

Fair Trade

- Respects human dignity
- Promotes the common good
- Advances economic issues
- Empowers disadvantaged people
- Connects us with the people who create the things we buy
- Cultivates global solidarity

WATCH... OCT 31 & NOV 1
Our young people will teach us!

Meet Deacon Mark Bennett, formerly of Saint C's! Mark was ordained for the Diocese of Ogdensburgh and serves in Plattsburgh. He lived in WBG until age five and summered in Diamond Point for many years after.

Mark's priest uncle was to baptize him, but Father Donnelly was not here and there was no access to the chrism. Thus, the priest had to go to Lake George for the chrism. Meanwhile, it was getting so late, mom and dad went home to prepare for the party and the only ones present for the baptism were priest uncle and the godparents!

We did a really nice thing!

Mark called immediately when he received the card we signed and sent him. He was really touched and grateful.

Are you being called by God to serve? We have Father Black, who died at a young age and Deacon Bennett who moved away! Is there anyone being called to stay? If you sense that you may be called to priesthood or deaconate, please chat with Father Cox or Sister Linda.

We need you.
