WE SERVE

SPECIAL COLLECTION TODAY

The Catholic University of America is the national university of the Catholic Church in the United States, located in Washington DC. It provides an academically rigorous education guided by Catholic intellectual tradition to nearly 7,000 students every year. More than 4,000 students directly receive scholarship aid from this collection, including many from our diocese. Next weekend is the National Collection for the Catholic University of America. Thank you for being generous.

SHARING TIME AND TALENT

THANK YOU TO....

John Cleveland who made sure the lawn edge was manicured.... Thank you to **Clark Orton** for his last mowing of the year (we hope!) And to **Marc Miller** who supplied a team of men to shingle the garage, cut down the branches hurting the roofs, and repairing fascia on Jaracz Hall. **PLEASE REMEMBER TO SIGN UP FOR AND DO SOMETHING FOR THE PARISH..... Paint, etc.** Thank you to the Pastoral Council who are working hard to reorganize and help us to take more responsibility.

Info.... "Buildings and Grounds"

Depressing: It is true. A new steam boiler is needed in the church. "No, YOU tell ME!" That's the answer to the question of "Why?" It is only about 10 years old. Yes, it was maintained and serviced. It is hard to explain. If you know of someone who understands STEAM, let Sister Linda know. If you want to buy the new furnace, it will cost about \$8,000.
Hopeful: On Saturday, contractors arrived to look at the water drainage problem and to submit a bid for the work. Perhaps we can once and for all prevent the water from penetrating and undermining the foundation of the Church and creating havoc in the basement.

ABOUT FAIR TRADE

Millions of hard-working people around the world are living in extreme poverty through no fault of their own. They simply lack access to the information, services and infrastructure they need to participate as equals in the global economy. As a result, they are not earning their fair share of the wealth created by international trade.

Fair Trade is based on the principle that people should earn a fair profit for the items they produce. Fair Trade guarantees fair wages to disadvantaged artisans, farmers and workers. It provides access to the technical and financial assistance that poor people so desperately need and so rarely get in the conventional trading system. Most importantly, Fair Trade connects these producers with people like you who understand that the choices we make every day as consumers have the power to make the trading system work better for our brothers and sisters overseas. Before Christmas, we will offer the opportunity to purchase Fair Trade coffee, chocolate and gift items.

The items sold by Mary Beth Gallagher are a super duper example of FAIR TRADE!
No money goes to a middle person.

By the way: If you bought crafts on credit from Mary Beth Gallagher, please give your \$ to Sister Linda asap.

NOTE: Check the labels. Fair Trade is available locally, especially in grocery stores... Check the coffee!!
